Green Deen: What Islam Teaches about Protecting the Planet ...

Green Deen: What Islam Teaches About Protecting the Planet examines Islamic principles that support environmentalism and presents stories of Muslim Americans who are part of the solution across four areas -- water, waste, energy and food. The book also makes a case for interfaith involvement in the environmental movement.

What Islam Teaches About Protecting the Planet | HuffPost

"Green Deen means understanding that God created us directly from the Earth and that we must do all that we can to take care of it, protect it, and manage all of its bounty in a sustainable way." In a time when many associate Islam with terrorism and oil, not many understand the long history of environmentalism that is inherent in the Qur'an and Islamic teachings.

Green Deen: what islam teaches about protecting the planet

"The Earth is a mosque, and everything in it is sacred." This is the first line in Ibrahim Abdul Matin's book, "Green Deen: What Islam Teaches About Protecting the Planet," and it's an idea that gives the book shape, drives the author's passionate narrative, and shows that there is a clear connection between environmentalism and faith.

Book review of "Green Deen: What Islam teaches about ...

The color green (Arabic: **أخضر**, romanized: 'akhḍar) has a number of traditional associations in Islam. In the Quran, it is associated with paradise. In the 12th century, green was chosen as dynastic color by the (Shiite) Fatimids, in contrast to the black used by the (Sunni) Abbasids.

Green in Islam - Wikipedia

This Deen Called Islam Most people are aware of a global religion called Islam. Islam is a Deen — Arabic for a religion, a path, a way of life. Islam means submission to the will of the One God, Allah. Allah is the Arabic word for God, just as the Spanish word for God is Dios. Allah is the God of Judaism, Christianity, and Islam. By

An Excerpt From - Berrett-Koehler Publishers

Ibrahim Abdul-Matin, author of "Green Deen: What Islam Teaches about Protecting the Planet," uses narratives, research, and scripture to show a long standing connection between Islam and active environmentalism. In his book, Abdul-Matin creates a step by step guide for American Muslims looking to green their everyday lives.
