How to set your programmer/timer so it turns your central heating on and off automatically when you want it to. Being in control of your heating can save you money and make your home more comfortable.

**How to use a digital central heating programmer**

The INTEGRAL system has been phased out more than eight years ago. The service and support period already stopped last year. It will be very difficult to maintain such installations in the coming years due to missing components and missing knowledge. We therefore recommend to migrate the system to the current Desigo system.
