Easy Connect FAQ - Volvo Penta

Volvo Penta D8-600 is an in-line 6-cylinder, 7.7-liter diesel engine using common-rail fuel injection, double overhead camshafts, a twin-entry turbo, and supercharger. The engine offers excellent maneuverability at low speeds, high power-to-weight ratio, and low fuel consumption.

D8-600 | Volvo Penta

The Volvo branded coolant for my D1 30 was green as was the 5 litres that came with the boat. However it eventually turned brown and now that the original stuff is done, I replace with blue stuff from the garage, I do not think that there is anything special about Perkins engines that could require a special coolant as long as it has the correct rust inhibitors.
