12 Myths About Hunger : Food First

Frances Moore Lappé (born February 10, 1944) is an American researcher and author in the area of food and democracy policy. She is the author of 19 books including the three-million-copy selling, 1971 *Diet for a Small Planet* that the Smithsonian's National Museum of American History describes as "one of the most influential political tracts of the times."

Frances Moore Lappé - Wikipedia

that almost 800 million people suffer.¹ While chronic hunger doesn't make the evening news, it takes more lives than famine. Every day this largely invisible hunger, and its related preventable diseases, kill as many as thirty-four thousand children under the age of five.² That's 12 million children per year—more than the total num-
